## KUNKLE VALVE

800-876-0036

**Kunkle Valve** is a top industrial and commercial manufacturer of safety and relief valves from cryogenic to high temperature and vacuum to high pressure steam, air, gas, and liquid applications. Industries include chemical, commercial buildings and construction, food & beverage, mining, minerals & metals, oil & gas, and power.

**Not just any valve will do . . . ask for Kunkle Valve!**

The graphic features a central blue box with the text "KUNKLE VALVE" in green and "800-876-0036" in white. To the right is the M&M Control Service, Inc. logo. Below this are two rows of four images each, showcasing different Kunkle Valve models. The top row includes a silver spring valve, a bronze valve with a handle, a blue valve with a label, and a bronze valve with a handle. The bottom row includes a small silver valve with a ring, a blue valve with a spring, a bronze valve with a handle, and a red valve.

**Not just any valve will do . . . ask for Kunkle Valve!**

### General Applications

**Series 6000:** Steam boilers and generators, pressure vessels containing steam, air or non-hazardous gas and on pressure reducing stations. Dual control rings offer easy adjustability for precise opening with minimum preopen or simmer and exact blowdown control.

**Models 541, 542, and 548** Small to medium size single and multi-stage air compressors, intercoolers, aftercoolers, instrument/control air lines and systems, air tanks/receivers and pressurized equipment.

**Models 300 & 600 Safety Valves:** Air/gas/steam valves with heavy duty construction of high quality cast steel with stainless steel full-nozzle trim for optimum performance.

M&M Control offers a full line of Kunkle Valve products. Check out our [Kunkle](#) pages or call us for help with your application!
