### New Light-Powered SX9 Digital Thermometer

**Tretrice** products satisfy the demands of today's industrial and commercial temperature, pressure, and control applications, and are the standard for quality and dependability in the industry.

The Next Generation **SX9 Compact Digital Therm** is the ideal replacement for existing mercury-in-glass thermometers in environmentally conscious applications.

The **SX9** requires no external power and needs only 10 lux of illumination (from any light source) to operate.
